## Stuttering Support

Young people who stutter struggle with verbal communication and self esteem. For the children and teens that stutter in Westchester, now there is Our Time! Starting in January, this New York City-based nonprofit, which provides award-winning programming for kids with this speech disorder, will be coming to Applause Westchester, 114 W. Boston Post Road in Mamaroneck. Since 2001, Our Time has been helping children who stutter to utilize the performing arts as a vehicle for self-expression. Program participants work together with teaching artists to write original songs, plays or poems. Kids realize they are not alone. They become a member of a community with others who share their fears and anxieties. After-school programs for kids ages 8-18 start Jan. 8, 2014. Our Time provides financial assistance for those who need it; no child will be turned away. Register online or call for details. Our Time, 330 W. 42nd St., New York, N.Y. 212-414-9696.
